<u>Type</u>	<u>Manufacturer</u>	<u>Date</u>	<u>Microphonics</u>	<u>Quantity</u>	<u>\$ Each</u>	<u>Description</u>
6SN7-GTB	RCA	1968 - 1970's	Moving-Mag	8	\$48.00	For peats sake, the plate tooling is the same as in the 1940's! A round getter ring now and button type base. STILL a good, clear well balanced tube!
6SN7-GTB	RCA	1968 - 1970's	Super-Line	12	\$38.00	
6SN7-GTB	RCA	1968 - 1970's	Line	10	\$30.00	
6SN7-GTB	RCA	Mid - Late 60's	Moving-Coil	6	\$71.00	Still a fine tube. Base has been shortened to about one half inch tall, plate tooling still the same as 1940s, heater wire is now bridged between the two halves. Pricing on these tubes is getting close competing directly to today's junk!!!
6SN7-GTB	RCA	Mid - Late 60's	Moving-Mag.	22	\$54.00	
6SN7-GTB	RCA	Mid - Late 60's	Super-Line	14	\$44.00	
6SN7-GTB	RCA	Mid - Late 60's	Line	8	\$34.00	
6SN7-GTB	RCA	1960 - Mid 60's	Moving-Coil	6	\$68.00	Internals not changed. Orange print now as RCA has changed to orange for all tube branding.
6SN7-GTB	RCA		Moving-Mag	16	\$56.00	
6SN7-GTB	RCA		SL	10	\$44.00	
6SN7-GTB	RCA		Line	16	\$38.00	
6SN7-GTB	RCA	1956 - 1960	Moving-Coil	4	\$78.00	The original legend!
6SN7-GTB	RCA	1956 - 1960	Moving-Mag	8	\$68.00	
6SN7-GTB	RCA	1956 - 1960	SL	14	\$58.00	
6SN7-GTB	RCA	1956 - 1960	Line	5	\$48.00	
6SN7-GTA	RCA	1954 - 1956	Moving-Mag	1	\$78.00	Only made for 2 years! Third version and tooling still the same! Its amazing that RCA ran such old equipment so long into the 50's, 60's & 70's. Fact is they knew what they had and were smart enough not to "F*#@!" it up!
6SN7-GTA	RCA	1954 - 1956	Super-Line	5	\$68.00	
6SN7-GTA	RCA	1954 - 1956	Line	4	\$52.00	
6SN7-GT	RCA	1949 - E. 1950's	Moving-Coil	2	\$96.00+	SAME ORIGINAL Version but without the graphite coating in the inside of the bulb. Coiled heater wires.
6SN7-GT	RCA	1949 - E. 1950's	Moving-Mag	2	\$76.00	
6SN7-GT	RCA	1949 - E. 1950's	Super-Line	8	\$64.00	
6SN7-GT	RCA	1949 - E. 1950's	Line	10	\$54.00	
6SN7-GT/VT231	RCA	Later 1940's	Moving-Coil	3	\$156.00	Same as below. Branded VT-231 for military use
6SN7-GT/VT231	RCA	Later 1940's	Moving-Mag	6	\$128.00	
6SN7-GT/VT231	RCA	1940's	Super-Line	8	\$108.00	
6SN7-GT/VT231	RCA	1940's	Line	22	\$88.00	
6SN7-GT	RCA	1940's	Moving-Coil	1	\$166.00	The original 6SN7 tube. Graphite coating on the

6SN7-GT	RCA	1940's	Moving-Mag	3	\$128.00	inside of glass for shielding & secondary emission during use in TV deflection (pulse) circuits. [RCA Service News - July, 1950] Nice, full, neutral sounding tube with great RCA dynamics & creamy smooth sound!
6SN7-GT	RCA	1940's	Super-Line	8	\$108.00	
6SN7-GT	RCA	1940's	Line	16	\$74.00	
5692	RCA	1960's - 1970's	Moving-Mag	2	Call	Same great tube with a few changes, as with all of these, they basically all measure the same but there were a few internal production changes. They all have that old black magic that's for sure! The last few years production had grey plates. <a href="#">See RCA Products Tour on this site.</a>

5692	RCA	Mid 1940's -	Moving-Mag.	6	Call	The classic red base ruggedized 6SN7 first developed by RCA for use in heavy artillery sighting installations and communications where the regular stuff was literally falling apart. These tubes can take an incredible pounding, not that this has much to do with audio, but the super-refined chemistry, metallurgy, and ultra-hard vacuum sure does!

6SN7-GTB	Sylvania	1970's	Moving-Coil	18	\$58.00	Same machinery still chugging along! But oops... a button base now. Still a great tube! Cripes, the micas look like they're punched from the same die as they were using in the 1950's... I love it! Also, these tend to be very low microphonics!
6SN7-GTB	Sylvania	1970's	Moving-Mag	14	\$44.00

6SN7-GTB	Sylvania	1960's	Moving-Coil	8	\$104.00	Still a very fine tube. On of the best bargains in the world of tubes!
6SN7-GTB	Sylvania	(Early-Mid 60's)	Moving-Mag	8	\$76.00	

6SN7-GTB	Sylvania		Super-Line	3	\$50.00	
6SN7-GTB (Type 1)	Sylvania	1954 +	Moving-Coil	Call	\$108.00	Same tube as below but with tighter tolerances on heater wire to control heater current for use in series wired sets. (Does not apply much in Hi-Fi use) Unfortunately this tube started a gradual 30 year slide downward both visually and sonically, after 1960, but just stick with O'l Andy and I will get you the best tube and the best sound no matter how little or how much you spend!
6SN7-GTB (Type 1)	Sylvania		Moving-Mag	5	\$68.00

6SN7-GTA (Short Base)	Sylvania	1954 - 1958	Moving-Coil	6	\$108.00	The A version of this tube is a complete re-engineering that consist of three main points, (1) Replacement of the flat press stem with button type base on all models. (2) Repositioning of the plates to an "oblique angle" [Sylvania Tech Report Nov. 1954] to lower microphonics and increase mechanical rigidity (3) Enlarged wing size on plates about one third to allow higher dissipation and adjusted some clearances to allow raising maximum plate voltage from 300 to 450 volts. Same matchless, transparent, beautifully textured & delineated Sylvania sound.
	Sylvania	1954 - 1958	Moving-Mag	12	\$72.00

6SN7-GT Top Getters	Sylvania	1944 - 1953	Moving-Coil	Call	\$168.00	First coined here as the "chrome domes". There were several versions of this top gettered superlative 6SN7 using the same tooling as the W version but without the extra support rod. I was preaching the glories of ALL these good old Sylvania 6SN7's and 6SL7's back about the same time the VTV crowd was
6SN7-GT Top Getters	Sylvania	1944 - 1953	Moving Mag	2	\$138.00

	Sylvania	1944 - 1953	Line	7	\$88.00	

			Moving-Coil	3	\$146.00	just swapping in their transistor Kenwood and Pioneer receivers for Dyna-70's!
6SN7-GT	Sylvania	1944 - 1954	Moving-Mag	3	\$128.00	For those of you that have been with me for years know well, nothing beats the Sylvania family in this tube. I have set up thousands of great systems with these over the last 30+ years and these tubes are truly loved! It has been great to see many of the current amp & preamp manufactures going back to the 6SN7 tube as one can really touch the end of the golden age of largely hand made tubes (Early 40's).

<b>RUGGEDIZED</b> 6SN7-WGTA	<b>INDUSTRIAL</b> Sylvania	<b>AND MILITARY</b> 1970 - 1980's	<b>RUGGEDIZED</b>	<b>INDUSTRIAL</b>	<b>AND MILITARY RUGGEDIZED, INDUSTRIAL, MILITARY</b> Sylvania continued to make 6SN7-WTGA well into the 1980's and the machining still held out very well but the chemistry and vacuum went to hell giving them a harder and harder sound. I see the slobs and "get rich quick on your stereo" crowd selling these at up to \$100 each!! Yikes! Watch out! Usually labeled Phillips ECG. If you see the ECG = "Electronic Component Group" run fast!	
6SN7-WGTA	Sylvania	1968 - 1976	Moving-Coil	8	\$88.00	Though nearing the end of of "The Golden Age of Sylvania", these are amazingly immune to microphonics! Sound is still great! Very tough tubes!
Brown Micanol	Sylvania	1968 - 1976	Moving-Mag	2	\$76.00	
Bases	Sylvania	1968 - 1976	Super-Line	2	\$66.00

6SN7-WGTA	Sylvania	1956 - 1968	Line	5	\$64.00	
6SN7-WGT	Sylvania	1950 - 1956	Moving-Mag	4	\$80's	Ruggedized GT. Same tooling as W model and still possessing that Old Black Magic.
6SN7-WGT	Sylvania	1950 - 1956	Super-Line	6	\$80.00+	
6SN7-WGT	Sylvania	1950 - 1956	Line	4	\$50's	

VT-231	Sylvania	1940's	Moving-Coil	2	\$168.00	All these early versions of the 6SN7 by Sylvania simply provide more hi-end information and air than anything else. With their prominent hi-end, cymbals and little tinkly things appear for the first time on recordings that you've been listening to for 25 years! The textures of music and instruments are laid out before you with real life presence (presuming the system is capable.)

6SN7-W	Sylvania	1940's	Moving-Coil	1	Call	The other ultimate 6SN7 and the first ruggedized issue. These were made at the same time as the 6SN7-GT. Beautiful to the eye as well as the ear, with its beautiful mirror finish getter coming half and sometimes all the way down the bulb. All these early, super nice units have a transparency that is addictive.
