5AR4/GZ34

<u>Type</u>	<u>Manufacturer</u>	<u>Date</u>	<u>Extra Test</u>	<u>Quantity</u>	<u>\$ Each</u>	<u>Description</u>
5AR4/GZ34	Mullard	1970's	H.V. Test	4	\$166.00+	Late 1960's/Early 1970's version of below, still going strong. A great tube to the end.
5AR4/GZ34	Mullard	1960's	H.V. Test	8	\$196.00+	The original 1960's Mullard "last forever" tube. Like the EL-34, the 5AR4 is as tough as nails and supplies a strong, beautifully black, velvety quiet background for the music.
5AR4/GZ34	Mullard	1950's	H.V. Test	4	\$246.00	The original Big Base "Last forever" tube

5U4-GB	RCA	1955 - 1970's	H.V. Test	58	\$58.00	Here come the series string tubes, same as below but with more tightly controlled heater

						ribbon.
5U4-GB	RCA	1952 +	H.V. Test	17	\$58 - \$62+	Tall bottle. The re-engineered straight sided issue that loses the glass press. As with most of the re-engineering efforts this one was primarily for more reliable service. Overall it was an even brake.
5U4-G	RCA	1940's - 1950's	H.V. Test	16	\$76.00+	The classic big bottle units that built America. Long lasting, strong and pure. The large clearances, absence of mica and the hard vacuum these units posses gives them a very high noise rejection ratio compared to units made today. Their ultra pure metallurgy and chemistry combined with 50+ years of RCA expertise make for a truly long lasting and sweet tube.
